Dear Audacious Divas: + *Debbi*

On behalf of the board of directors of Breast Care for Washington we would like to thank you for your generous contribution of \$3000.00. Your support is critical for us to achieve our mission to *reduce breast cancer mortality in the greater Washington, D.C. area by promoting access to breast cancer screening, diagnostics, and treatment to all women regardless of their ability to pay.*

Since we opened our doors in May of 2014 we have provided lifesaving screening and diagnostic services to over 600 women. In this time we have diagnosed 5 cases of cancer, all in patients that were without insurance. This rate of diagnosis is twice the nationwide average. In addition, we are the **first** and **only** provider with 3D mammography capability east of the Anacostia River.

Your support is allowing us to make a difference in the lives of medically underserved women who need us most. We will continue to make a difference, one woman at a time. For more information please visit our website www.breastcaredc.org and follow us on Facebook and Twitter for future events, news and volunteer opportunities.

Sincerely,

Beth Beck *Thank you so much for your support!!* *Liz Davey*
